## Starting the Web Application

To gain access to Milk, follow these steps:

1. Ensure that your network connection has internet access.
2. Go to the following web address on the internet browser:  
<https://team20webscraper.azurewebsites.net/>.
3. The main page will show when finished loading, which is shown in Figure 1 below.

*Figure 1. Web main page*

## Navigating

Milk will always have the banner show across the top at the top of the page. It contains 4 different links, which is outlined in Figure 2:

Figure 2.

*Going left to right:*

- a) *Milk – returns you to the home page of Milk*
- b) *Find Deals – returns you to the deals page with no searches run*
- c) *Register – returns you the registration page to create a new account*
- d) *Login – returns you to the log in page*

## Find Deals

The Find Deals page will open with 4 sections under the top banner as shown in Figure 3:

- Select a category
- Sort By
- Go button
- Name and Search bar

To find a list of deals, select 1 category item from the drop down. Then, select 1 sort by method. Clicking the go button will run the search for deals based on selected parameters.

A screenshot of the 'Find Deals' page. At the top, there is a banner with 'Milk' and 'Find Deals' on the left, and 'Register' and 'Login' on the right. Below the banner, the page content is organized into four sections: 1. 'Select a category:' followed by a dropdown menu showing 'TVs'. 2. 'Sort By:' followed by a dropdown menu showing 'Name'. 3. A 'Go' button. 4. A search bar with a dropdown menu showing 'Name' and a text input field labeled 'Search'.

Figure 3. Main sections under the top banner

## Filtering Table

After clicking go to find deals, you can filter the data by defining a filter for a column. Select a column option (Figure 4, left) then enter characters into the search bar (Figure 4, right).

Each character entered will begin to filter the table.

Delete character to change the filter.

Removing all the characters from the search bar will remove the filtering.

The image shows a UI component for filtering a table. It consists of a dropdown menu on the left with the text 'Name' and a downward arrow. To its right is a rectangular search bar containing the word 'Search' in a light blue font.

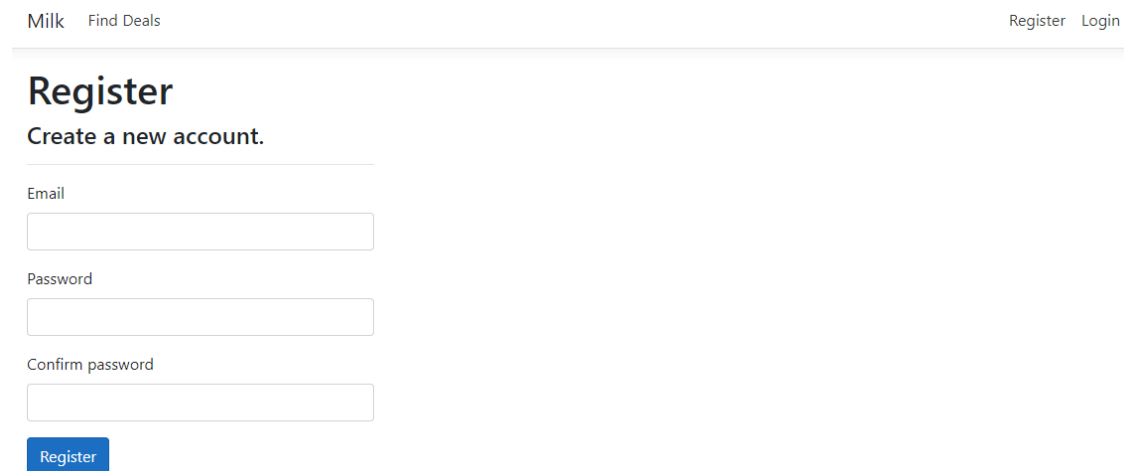

*Figure 4. Search to filter table*

## Registering

Navigate to the register page from the banner at top of the page.

Enter email and password then confirm the password (Figure 5).

Click register to complete the registration.

The image is a screenshot of a web registration page. At the top, there is a navigation bar with 'Milk Find Deals' on the left and 'Register Login' on the right. Below the navigation bar, the main heading is 'Register' in a large, bold font, followed by the subheading 'Create a new account.' in a smaller font. Underneath the subheading, there are three input fields: 'Email', 'Password', and 'Confirm password'. Each field is a simple rectangular box. At the bottom of the form, there is a blue button with the text 'Register' in white.

*Figure 5. Register new account*

## Login

Navigate to the login page from the banner at top of the page.  
Enter email and password. Then, check remember me to have your log in saved.  
Click log in to complete the log in.  
Click on Register as a new user to navigate to the Registration page.
